HYPERTRAC EV

SHARP HANDLING AND LONGER RANGE FOR EV'S

UHP all-season engineered for EVs and hybrids: razor-sharp handling, ultra-quiet comfort, and low rolling resistance for maximum range — with confident wet and dry control.

Extended Driving Range
14% lower rolling resistance than the Hypertrac All-Season adds up to 6% more range — roughly 18 extra miles per charge on a 300-mile EV

Smooth, Quiet Ride
AI-optimized pitch sequencing engineered with multi-pitch ratio technology minimizes cabin noise for an exceptionally serene drive

Precise, Responsive Handling
Optimized tire stiffness, grip, and footprint work with a low apex construction to deliver sharp steering control while maintaining ride comfort

Long-Lasting, Uncompromised Durability
Engineered with category-leading tread depth and reinforced 2-ply construction across all sizes for maximum road resilience, paired with best-in-class wet traction
