QUATRAC PRO+

ALL-WEATHER WITH A BIG PLUS

The Quatrac Pro+ is specially designed to offer superior performance for high-performance cars and SUVs. It boasts lower rolling resistance, which means less fuel consumption and a longer driving range.

Best-in-Class Wet Grip
Wide longitudinal and diverging shoulder grooves clear water fast, while a high-silica compound grips wet roads and resists aquaplaning

Controlled on Snow and Slush
Wide channels move slush away from the contact patch, and effective center sipes deliver sharper steering, more stability, and quicker recovery

Sharp Dry Handling
A broad outboard shoulder and large, stiff tread blocks keep the tire planted for precise, responsive handling

Consistent in Every Temperature
A new-generation polymer and resin blend stays flexible in the cold and stable in the heat — true all-weather grip year-round
