QUATRAC

PERFECTLY BALANCED SEASONAL PERFORMANCE

The Quatrac combines four seasons in one year-round high-performance tire.

Confident Wet Control
Wide V-shaped lateral grooves and dual shoulder channels accelerate water drainage for strong hydroplaning resistance, while two sipe types add grip on wet roads

Sharp Dry Cornering
Larger outboard blocks and a connected center element keep handling precise and steering response quick

Light Snow Traction
High-density siping and off-angle blocks create the biting edges needed for stability in wintry conditions

Year-Round Performance
An all-season compound in a directional V-shaped pattern delivers dependable grip through every season
